Orr congregation visits

The first 3 weeks of April were filled with *Revive Us Again* Workshop preparations, but we were "on the road again" one day after the closing of the event to begin congregation visits. The last days of the month consisted of travel and a well-deserved few days of rest before hitting our first scheduled church presentation, *Circle of Influence*, at **West Broward** (Plantation FL).

Congregation Updates

Channelview (TX) - Doug Rainbolt, minister, reports they have grown by 10 families!

Faith Village (Wichita Falls TX) - has had 1 family and 1 individual place membership and 2 baptisms in April! The congregation is also planning a Mission trip to our sister congregation, **6th Street Church of Christ** (Sioux City, IA) this summer!

Hiawatha (KS) – The congregation reports one baptism! Praise the Lord!

James C Rogers, former preacher at **Lockett Hwy** (Vernon TX), has accepted the preacher/evangelist job at **Westside** (Fort Dodge IA).

Keep all our churches and workers in your prayers, please!

How many commercials do you see every day similar to these?

What do they all have in common? They are all asking for your donation of just \$19 or \$20 a month. Although these may be worthy causes, do they do the most good eternally? According to the January edition of the *Christian Chronicle*, almost 70 churches of Christ each year are closing their doors in the United States. That is why **HomeMission** began. Evangelists work with us to build up churches and mission efforts at home, in our own back yards. By God's power, several churches have been turned around already. Our 11 evangelists have helped over 100 churches in 22 states. But, we need more evangelists, who in turn, need their expenses paid, so they can join us in this work. The elders of the *Faith Village church of Christ* in Wichita Falls, Texas, oversee this work, but our evangelists are under their respective elderships. We follow the pattern found in Acts 11:19-25, where we find that evangelists were sent out to encourage, equip and evangelize new and at-risk congregations.

So, why not use your \$20 a month to save a church? That's less than a cup of coffee a day!
