9:00-9:45 AM – Class Session #1

How to Set Up a Bible Study –

Danny Aragon – FC1

We have conversations with people every day. In this class, we will discover ways to turn discussions about physical things into spiritual conversations and turn those conversations into Bible studies that lead to conversions.

Reviving Manhood through the Cross –

Trey Morgan – FC 2

Manhood, and what a real man looks like, is a hot topic today. To get an idea of what is truly expected from a man, we must look no further than God's Word. In Trey's class, we will take a Biblical look at true manhood and what God expects of a man, husband and father.

Evangelizing Your Community–

Jake Perkins – FC 3

God has not stopped calling people back to Him. The Gospel is still good news. Come hear some exciting stories of how your congregation can reach families of all ages.

When a Message in a Bottle No Longer Works:

Communicating with Today's Technology –

Joey Roberts – 210

With the ever-changing ways of communication, the grasp of using technology in church communications is a must! We need to make sure we are communicating within the congregation and outside the walls as well. We have to use technology in our favor in today's society.

Evangelism is the Answer –

Ferman Carpenter – 211

Our "Evangelism is the Answer" class will be centered on the most widely-agreed-upon but least-practiced need in the Lord's church...making and growing Christians. Many congregations have turned the Great Commission into the Great Omission.

The Power of a Godly Woman in a Godless

World – Janae Fridelle - 217

In today's culture, Christian women are faced with a barrage of challenges as the world sets up impossible expectations of beauty and success while offering very little in terms of support. Women who profess godliness have a unique message and a dynamic opportunity to help women in crisis, offering answers to issues like depression, self-doubt, and family problems that so many women are seeking help with. This class will explore themes in Scripture that offer godly women a path to impacting a godless world with a godly message of true empowerment through Christian living.

9:45-10:00 AM – Break

10:00-10:45 AM – Class Session #2

Evangelism Without Conflict –

Robert Oglesby – FC 1

This class will be designed to demonstrate by "role play" how a "GENTLE SOUL-WINNER" can ask for a study, teach it, and close the Bible study.

Healing Broken Families through the Power of

the Gospel – Billy McGuiggan – FC 2

Wouldn't it be nice if we could heal our broken family relationships by giving the right Hallmark card or the right bouquet of flowers? In my experience, it doesn't work that way. Healing broken relationships takes time and patience and love. The good news is, we can heal our broken families through the

power of love and power of the Gospel. Don't believe me? Then believe God and believe the Good News found in our Gospel story.

True Religion: Reaching the Widow, Orphan, and Forgotten Among Us – Tom Bedichek – FC 3

A class focusing on the relationship between social action and evangelism. How should we reach out to the poor, refugees, illegal aliens, and social outcasts?

Mission VBS: A 2-for 1... – Jonathan Zerby – 210

Do you have a passion to teach young people to teach, serve, and love? Do you have a passion for helping the church to grow? If so, then a Mission VBS is for you!

More than Worship (The Christian Assembly and Church Growth) – Levi Sisemore – 211

In this session, we'll identify the biblically explicit purposes for the Christian assembly, learn about conducting ourselves in the "the most excellent way" as we survey I Corinthians 10-14, give some very practical action points that can bring a measure of vitality to your congregation, and share resources for improving congregational, a cappella singing.

Don't be Scared - The Gospel is for All!! – Kathy Hardy – 217

The purpose of this presentation is to encourage sisters to be courageous in sharing Christ with others (2 Timothy 1:7). We want to develop an evangelistic mindset so that as we go about our daily activities, we lift up the name of Christ and behave in ways that lead others to Him. Let's be bold and mindful as we look for opportunities to share the Gospel!

Classroom Evangelism : How to Grow the Church Through Study – Michael Orr – FC 1

How to grow the church through study – Our emphasis on Sunday morning worship as the catch-all to reach people is not working. People might attend worship on Sunday because they like the preaching or even the church, but to get people involved and train them to serve the Lord you need good classes. How we do classes can have a dramatic impact on our evangelism and our overall spiritual health as a family in Christ. This session will discuss ways to implement more evangelistic classes and use our time in class to train leaders and members for evangelism.

How Millenials Bless the Church – Boo Scott – FC 2

Millenials have received a bad reputation over the past several years. They are considered lazy, "snowflaky", socialistic, know-it-all, and as having no respect for the elderly. They are typically characterized by long beards, skinny jeans, and tree tattoos. They don't have jobs and hang out at coffee shops all

day. 😊 While some of this reputation may be true, Millennials I've worked with for the past 9 years have been anything but lazy and "snowflaky." Millennials continue to bless the church in a huge way. In this class, I want to discuss the strengths and potentials of the Millennial generation in the Kingdom. It should be fun.

World Bible School : 6 Tools to Help Your Congregation Grow – Bill Colwell – FC 3

Local outreach with WBS? Absolutely! In this class, we'll demonstrate our NEW TOOLS and show how WBS can help you reach local seekers.

Reversing the 80/20 Curse – Chris Swinford – 210

It has become understood that a few people do the vast majority of work in a local congregation and in various church ministries. It's time for leaders to inspire and motivate every member to be a minister to others, a missionary to the lost, and a mentor to new Christians. When the whole congregation is working together, good things are bound to happen!

How to Close a Bible Study – Bill Hardy / Jim Smith – 211

All of us have experienced it. You spend hours in prayer, conversation, fellowship and study, but no response or "I'm just not ready." We will learn from Jesus how to take your prospect those final few steps to conversion and commitment.

The Three Ways Women Encourage, Equip, Admonish and Edify – Jennifer Lewis – 217

The Bible gives us a lot of good advice about encouragement. However, there are a lot of women in the church that need more encouragement than what they're getting, and in the fast paced world we live in encouragement can be in short supply. This class will equip Godly women to encourage other women in some of the most challenging situations and help build each other up in three practical and meaningful ways.
