

Welcome To The Channelview Church of Christ

What a Wonderful Christian Man!

John Orr has played an instrumental part at the church here in Channelview. John has given us the tools we so desperately needed to go out into the community to plant the seed. With the tools he has taught us to use, we are currently watering the seeds. The Visitation programs and Circle of Influence materials he presented put a SPARK back into the membership. I am so grateful to John and feel so blessed to have had him come to Channelview Church of Christ. I look forward to his return and the other material he has for us to grow the church. I personally would not have the focus I have now if it had not been for him!

In His Love;

Cindy Miller
