

John and Susie Orr arrived at the home of Gary and Barb Peterson on Saturday, June 8, 2019.

We had many discussions on Bible topics and ideas on how to start the church here in Carlton County. They provided great information to us.

On Sunday, we had a worship and potluck at the Peterson home. We had a total of 15 people. John gave an excellent lesson about Lydia from the book of Acts. During the meal and after, he and Susie had many conversations with members.

Monday, we went to the city of Cloquet to explore possible worship meeting places. We discovered a very promising location. The AmericInn is located off a major highway that goes right through town. John and Susie were very helpful in talking to the management. We showed them around Carlton County so that they could get a feel of the area.

Tuesday, John and Susie went back to Cloquet alone and worked on a list of suggestions for the church plant in Carlton County and bought some examples of gifts from the Dollar Store that we could use when we visit prospects.

On Wednesday evening, we met with some of the available members at one of their homes. There was much discussion about the positives and fears. It was decided that we would have a launching date in September. We reviewed the suggestions and added a few.

John and Susie departed on Thursday morning, leaving with us materials, such as *Foundations for Disciples, Habanero Visitation Ministry, I Died Last Night...*

In Christian love,

Gary & Barb Peterson
